

Planning and Environment Act 1987
MILDURA PLANNING SCHEME
Notice of the preparation of an amendment
Amendment C106mild

The Mildura Rural City Council has prepared Amendment C106mild to the Mildura Planning Scheme.

The land affected by the amendment includes various parcels of public and privately owned land along the Murray River and its tributaries in the municipality. The land is generally located between Hattah and the South Australian border.

The amendment proposes to implement the results of accurate flood modelling following receipt of high quality Light Detection and Ranging (LiDAR) data by the Mallee Catchment Management Authority (MCMA). The data has provided increased accuracy of the existing flood controls within the planning scheme. The improved data therefore updates the boundaries of the Land Subject to Inundation Overlay (LSIO) and Flood Overlay (FO).

You may inspect the amendment, any documents that support the amendment and the explanatory report about the amendment, free of charge, during office hours at the following locations:

- Council's Madden Avenue, Deakin Avenue and Ouyen Service Centres
- Mildura, Merbein and Red Cliffs Libraries

The amendment can also be inspected free of charge at the Department of Environment, Land, Water and Planning website at www.delwp.vic.gov.au/public-inspection from date of gazettal.

Information providing assistance to view the amendment details is available on Mildura Rural City Council website at www.mildura.vic.gov.au/mildura-floodmapping.
