Mildura CBD 30km/h speed limit – Public sentiment survey

The Mildura CBD 30km/h speed limit trial has now concluded.

Council has engaged Wallis Social Research Group to conduct a community sentiment survey from Tuesday 7 May 2024 to Saturday 8 June 2024.

Residents may be contacted by Wallis Group representatives during this time to

provide their feedback on the trial. Initial contact will be via SMS or a direct phone call.

The change in speed limit was implemented to deliver actions identified in the Mildura CBD Access and Mobility Strategy, which aimed to create an economically vibrant and safer CBD where all people, particularly children, older people and people living with disabilities feel safer when visiting local shops and services.

Lower speed saves lives. The survival rate of a person hit by a car improves from 50% at 40km/h to 90% at 30km/h.

The 30km/h limit will remain in place from Deakin Avenue to Pine Avenue and between Seventh Street and Tenth Street until further notice. Deakin Avenue and Seventh Street is not included.
