

# Disability Inclusion Advisory Committee (DIAC)

Mildura Rural City Council (Council) works to look after the people and places around Mildura.

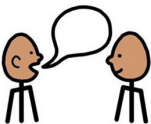

Council work with the DIAC on how they can help people with a disability use our community.

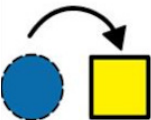

The DIAC lets Council know about things that are hard for people with a disability, so that Council can try to fix them and make things easier for everyone to use and do.

## The DIAC can:

- Help people with a disability in Mildura talk to Council and tell people things they may need to know to help

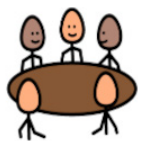

- Work with Council to fix things that make it hard for people with disability to get around or use

- Give Council ideas on how to make buildings and toilets easier for people to use

- Make Mildura a friendly and easy place for all people

- The DIAC meets monthly. You can ask them questions or let them know problems you have getting around Mildura

## Some things that the DIAC has helped with:

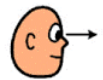

Accessible parking

Accessible public toilets

Clear signage

Visual aids

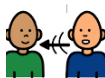

Hearing loops

Disability access maps

Footpaths and ramps

## You can talk to DIAC by:

Calling Council on 03 5018 8100
